A GREAT CURE BY DR, KEYERR'S PECTORAL SYRUP.—I have in Peebles township, Allegheny county I had a conghing and spitting, which commenced acout the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued until early in October. At that time I was advised to try your PECTORAL COUGH. A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. "BTOP THATGOUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the yoar. And we can, from actual experiment, cheerfully concer in the sidviser's admenition as above, for we have tried the "Pectoral." in a most stubborn case, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it secording to directions, and in forty eight hours we were master of the field, the enemy having acconditionally surrendered, after a brief but unequal conflict with so formidable am siturnary as Keyser's famous "Cough Pectoral."—Drownevillo Clipper, Dec. 14, 1859.

the year 1832, while attending the State and National Law School of the state of New York, my hair, from a cause unknown to me, commenced falling off very repidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my lead shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more causal acquaintances were not so much at a less to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1657, pour Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have such any still in
